Mr Dory Larrimore  
228 N. Willow St.  
Trenton N.J.

Dear Dory:

I was looking for you up last Thursday or Friday, but I guess you were busy like all of us. I have been thinking if we are going to send out the letter you suggested, which I think is a good idea, we had better get started addressing the envelopes. If you can arrange to have them addressed, let me know and I will send you the money for the envelopes. Get the ones with the stamp already on. How many would you need?

I can have the letters printed here in Newark, and maybe come down one day and help put them in the envelopes, or you could get them when you are up this way. They should be in the mail about the 20th of this month.

By the way I had a call from The Yankees today. They are not going to play in Trenton May 4th. They said they think it will be too early for nights. We may come down the 8th instead. I will see if I can get an attraction.

I will be looking to hear from you about the addressing of the letters.

I told my man in Philly to send you 50 cards about opening day in Newark. Please get them around as many places as you can.

Very Truly Yours
